

ONE YEAR LL.M DEGREE FIRST SEMESTER EXAMINATION, MARCH 2022  
LAW RELATING TO CLINICAL ESTABLISHMENTS

Time : 3 Hrs

Maximum Marks: 50

Answer Any **Five** of the Following

(5x10=50)

1. Discuss how the different models of healthcare systems respond to the needs of the patients. Give a comparative perspective and critically analyse the systemic deficiencies India faced during the COVID 19 pandemic.
2. Critically analyse the pandemic healthcare in India in the light of International Health Regulations.
3. Do you think that the public-private dichotomy will ensure equity in healthcare in India? What are your suggestions for providing a better healthcare system in India?
4. What are the regulatory norms in India for ensuring the privacy and confidentiality of medical records? How far do these regulations apply to EHR/PHR?
5. How online pharmacies differ from traditional pharmacies and discuss how far the existing laws apply to online pharmacies.
6. Do you think there is a lack of uniformity in regulations adopted for the registration and licensing of clinical establishments in India. Compare the Central and State laws.
7. Are blood banks part of clinical establishments? Illustrate the regulatory standards for blood banks in India.
8. Review the Five Year Plans and explain the measures India adopted for Public-Private Partnerships in healthcare.
