ORDER

The Managing Director as per letter read, has reported that though regular milk conversion were carried out and is being continued, due to decrease in sale of milk ,the regional unions are not in a position to regulate the opening stock of milk in the Dairies till date and the Malabar region had already made restriction to the societies to dispatch milk to a maximum of 60% of the normal procuring quantity w.e.f 18-05-2021. In order to overcome the restrictions in the milk collection which adversely effect the dairy farmers the regional unions are ready to supply the milk and milk products to the relief camps as per the requirement from the respective District Disaster Management Authority.

Government examined the matter in detail and pleased to grant permission to the District Collectors/District Disaster Management Authorities to supply the milk and milk products to the relief camps as per the requirement and to meet the expenditure incurred for the same from the Head of Account 2245-02-101-94-01flood other items under State Disaster Response Fund.
